Update your summary. When you start, this will be empty but it's the first thing supporters will see. Get to the heart of what you're raising for Safe and Sound and why it matters. Summaries give a 36% boost!

Tell us your story and the reason you're taking part in this event.

A screenshot of a JustGiving event page. At the top, it shows the organizer's name 'Lucy ORME' and the event title 'Lucy's Virtual Marathon Run' for 'Fundraising for Safe & Sound Group'. Below the title is a 'Create a team' button. The 'Story' section contains text about child exploitation and the support provided by Safe & Sound. Two teal arrows point from the text on the left to the 'Story' section and the 'Create a team' button.

Further down the page, you will see this area - it's to post updates - a little like you might post to Facebook or other social media. Include pictures of you in training for a run, or preparing the kitchen to bake. Whatever you're up to in the lead up to your fundraising, post photos and updates here for your supporters to see - for an extra 8% per update!

A screenshot of the 'Updates' section on a JustGiving page. It features a text input field with the placeholder 'Tell your supporters how you're getting on...' and a character count of '550'. Below the text field is a small icon for adding a photo. A 'Post' button is located at the bottom right of the update area.

On the right hand side of the page and scrolling down, you'll see this list appear as your donations come in from supporters.

NOTE!

If you collect any cash directly, you can pay that in to your own page or add it to the page as an 'offline donation' - that will then appear in your supporters list and count towards your target. Just don't forget to send it to us!

Make sure to share your page on Facebook and other social media accounts - and don't forget WhatsApp groups

Emails still have their place - plenty of your friends, neighbours, colleagues and Great Aunt Doris won't be on social media, but still want to support you.

Don't be afraid of sharing your page to ask for support. Your contacts will want to know about the amazing things you are doing.

Be creative!

Think of interesting ways to get people interested in your fundraising.

Try your best to get people invested in your fundraising journey, for example:

"If I reach £1,000, I'll do the event in fancy dress!"

Form a team!

Convince your friends or colleagues to take part with you and raise money as well.

Not only will this raise more, but you'll have more fun doing it too

It ain't over til it's over...

20% of donations come in after an event has ended, so make sure you follow up the event with an update about how it went, how you found it etc.

And don't be afraid to share it again!

Thanks for visiting our team fundraising page.

We've joined together to raise money for charity. You'll see our team fundraising target on the right. Your donation can really help us smash this goal!

Remember: Donating through JustGiving is simple, fast and totally secure. Your details are safe with JustGiving - they'll never share them with anyone or send you unwanted emails. Once you donate, they'll send your money directly to the charity. They'll make sure Gift Aid (an additional 25%) is reclaimed on every eligible donation by a UK taxpayer, too. That means more money goes to the charity, faster, with JustGiving.

Team pages let you see all of the JustGiving pages you and your colleagues are running and how much they're making.

Just like an individual page you need to personalise this with photos and text.
